

DIGITAL LEARNING POLICY

(Internet, social media and digital devices)

PURPOSE

To ensure that all students and members of our school community understand:

- (a) our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school including our 1-to-1 personal device program
- (b) expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers and laptops)
- (c) the school's commitment to promoting safe, responsible and discerning use of digital technologies, and educating students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and digital technologies
- (d) our school's policies and procedures for responding to inappropriate student behaviour on digital technologies and the internet
- (e) the various Department policies on digital learning, including social media, that our school follows and implements when using digital technology
- (f) our school prioritises the safety of students whilst they are using digital technologies

SCOPE

This policy applies to all students and staff at Greenvale Secondary College.

Staff use of technology is also governed by the following Department policies:

- [Acceptable Use Policy for ICT Resources](#)
- [Cybersafety and Responsible Use of Digital Technologies](#)
- [Digital Learning in Schools](#) and
- [Social Media Use to Support Student Learning](#).

Staff, volunteers and school councillors also need to adhere to codes of conduct relevant to their respective roles. These codes include:

- Greenvale Secondary College's Child safety Code of Conduct
- [The Victorian Teaching Profession Code of Conduct](#) (teaching staff)
- [Code of Conduct for Victorian Sector Employees](#) (staff)
- [Code of Conduct for Directors of Victorian Public Entities](#) (school councillors).

DEFINITIONS

For the purpose of this policy, "digital technologies" are defined as digital devices, tools, applications and systems that students and teachers use for learning and teaching; this includes Department-provided software and locally sourced devices, tools and systems.

POLICY

Vision for digital learning at our school

Greenvale Secondary College understands that safe and appropriate use of digital technologies including the internet, apps, computers and tablets provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from enhanced learning that is interactive, collaborative, personalised and engaging. Digital technologies enable our students to interact with and create high quality content, resources and tools. It also enables personalised learning tailored to students' particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Greenvale Secondary College believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and inter-connected world. Our school's vision is to empower students to use digital technologies safely and appropriately to reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults.

Personal Devices at Greenvale Secondary College

Classes at Greenvale Secondary College are delivered with the use of laptops. Students must bring a charged laptop to school each day to be used during class time for different learning activities.

Our school operates a Bring Your Own Device (BYOD) program, which means students must bring their own purchased or leased laptop with them to school each day. Greenvale Secondary College has special arrangements with Learning with Technologies, a computer store that offers discounted prices for the lease or purchase of laptops for Greenvale Secondary College students.

Students are required to have their own laptop that must meet the following specifications:

- protection – be brought to school in a protective bag
- hard drive – minimum 128GB
- memory – minimum 4GB
- SPU – i5 or higher
- Operating System – Windows 10
- software - Microsoft Office Suite.

Please note that our school does not have insurance to cover accidental damage to students' laptops, and parents/carers are encouraged to consider obtaining their own insurance for their child's laptop.

Greenvale Secondary College has in place arrangements to support families who may be experiencing long or short-term hardship to access laptops for schoolwork. We also have a number of spare laptops that can be loaned to students in certain circumstances via the Library borrowing system.

Ownership, Insurance and Damage

For laptops purchased through Learning with Technologies, the laptop is the property of the family who purchased it. These laptops are supported through the guarantee and warrantee

period outlined at the time of purchase and are not the responsibility of the College. Any damage caused to these devices are the responsibility of the user and not the College

For laptops loaned through the College, the laptop remains the property of the College. Any damage caused to devices loaned through the College are paid for by the user.

Students, parents and carers who would like more information or assistance regarding our BYOD program are encouraged to contact school administration.

Safe and appropriate use of digital technologies

Digital technologies, if not used appropriately, may present risks to users' safety or wellbeing. At Greenvale Secondary College, we are committed to educating all students to use digital technologies safely, equipping students with the skills and knowledge to navigate the digital world.

At Greenvale Secondary College, we:

- use online sites and digital tools that support students' learning, and focus our use of digital technologies on being learning-centred
- use digital technologies in the classroom for specific purpose with targeted educational or developmental aims
- supervise and support students using digital technologies for their schoolwork
- effectively and responsively address any issues or incidents that have the potential to impact on the wellbeing of our students
- have programs in place to educate our students to be safe, responsible and discerning users of digital technologies, including eSmart.
- educate our students about digital issues such as privacy, intellectual property and copyright, and the importance of maintaining their own privacy and security online
- actively educate and remind students of our *Student Wellbeing and Engagement Policy* that outlines our School's values and expected student behaviour, including online behaviours
- have an Acceptable Use Agreement outlining the expectations of students when using digital technologies for their schoolwork
- use clear protocols and procedures to protect students working in online spaces, which includes reviewing the safety and appropriateness of online tools and communities and removing offensive content at the earliest opportunity
- educate our students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and other digital technologies
- provide a filtered internet service at school to block access to inappropriate content
- refer suspected illegal online acts to the relevant law enforcement authority for investigation
- support parents and carers to understand the safe and responsible use of digital technologies and the strategies that can be implemented at home through regular updates in our newsletter, information sheets, website/school portal and information sessions.

Distribution of school owned devices to students and personal student use of digital technologies at school will only be permitted where students and their parents/carers have completed a signed Acceptable Use Agreement.

It is the responsibility of all students to protect their own password and not divulge it to another person. If a student or staff member knows or suspects an account has been used by another person, the account holder must notify the IT Coordinator, immediately.

All messages created, sent or retrieved on the school's network are the property of the school. The school reserves the right to access and monitor all messages and files on the computer system, as necessary and appropriate. Communications including text and images may be required to be disclosed to law enforcement and other third parties without the consent of the sender.

Information on supervision arrangements for students engaging in digital learning activities is available in our Yard Duty and Supervision Policy.

eSmart

Greenvale Secondary College will be an eSmart school. This is a whole school program designed in conjunction with the Department and the Alannah and Madeline Foundation for schools across Australia. This is a comprehensive Cyber Safety Program which students are expected to meet the guidelines.

Social media use

Our school follows the Department's policy on [Social Media Use to Support Learning](#) to ensure social media is used safely and appropriately in student learning and to ensure appropriate parent notification occurs or, where required, consent is sought. Where the student activity is visible to the public, it requires consent.

In accordance with the Department's policy on social media, staff will not 'friend' or 'follow' a student on a personal social media account, or accept a 'friend' request from a student using a personal social media account unless it is objectively appropriate, for example where the student is also a family member of the staff.

If a staff member of our school becomes aware that a student at the school is 'following' them on a personal social media account, Department policy requires the staff member to ask the student to 'unfollow' them, and to notify the school and/or parent or carer if the student does not do so.

Student behavioural expectations

When using digital technologies, students are expected to behave in a way that is consistent with Greenvale Secondary College's *Statement of Values, Student Wellbeing and Engagement Policy*, and *Bullying Prevention Policy*.

When a student acts in breach of the behaviour standards of our school community (including cyberbullying, using digital technologies to harass, threaten or intimidate, or viewing/posting/sharing of inappropriate or unlawful content), Greenvale Secondary College will institute a staged response, consistent with our student engagement and behaviour policies.

Breaches of this policy by students can result in a number of consequences which will depend on the severity of the breach and the context of the situation. This includes:

- removal of network access privileges
- removal of email privileges
- removal of internet access privileges
- removal of printing privileges

- other consequences as outlined in the school's *Student Wellbeing and Engagement* and *Bullying Prevention* policies.

Supervision of student in emergency operating environments

In the event of any mandatory period of remote or flexible learning our School will follow the operations guidance issued by the Department.

COMMUNICATION

This policy will be communicated to our school community in the following ways.

- available publicly on our school's website
- included in staff induction and child safety training processes
- included in transition and enrolment packs
- included as annual reference in school newsletter
- made available in hard copy from the administration office upon request.

ANNEXURE A: Acceptable Use Agreement

Acceptable Use Agreement

At Greenvale Secondary College we support the right of all members of the school community to access safe and inclusive learning environments, including digital and online spaces. This form outlines the School's roles and responsibilities in supporting safe digital learning, as well as the expected behaviours we have of our students when using digital or online spaces.

At our School we:

- Have a **Student Engagement and Wellbeing Policy** that outlines our School's values and expected standards of student conduct, including consequences for breaching the standards.
- Have programs in place to educate our students to be safe and responsible users of digital technologies.
- Provide information about digital access issues such as online privacy, intellectual property and copyright.
- Supervise and support students using digital technologies in the classroom.
- Use clear protocols and procedures to protect students working in online spaces. This includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at earliest opportunity, and other measures including [Duty of Care and Supervision](#).
- Provide a filtered internet service to block inappropriate content. We acknowledge, however, that full protection from inappropriate content cannot be guaranteed.
- Use online sites and digital tools that support students' learning.
- Address issues or incidents that have the potential to impact on the wellbeing of our students.
- Refer suspected illegal online acts to the relevant Law Enforcement authority for investigation.
- Support parents and carers to understand safe and responsible use of digital technologies and the strategies that can be implemented at home. The following resources provide current information from both the Department of Education & Training and The Children's eSafety Commission:
 - [Bullystoppers Parent Interactive Learning Modules](#)
 - [iParent | Office of the Children's eSafety Commissioner](#)

Student Declaration

When I use digital technologies and the internet I agree to be a safe, responsible and ethical user at all times by:

- Respecting others and communicating with them in a supportive manner.
- Never participating in online bullying (e.g. forwarding messages and supporting others in harmful, inappropriate or hurtful online behaviours).
- Protecting my privacy by not giving out personal details, including my full name, telephone number, address, passwords and images.
- Protecting the privacy of others by never posting or forwarding their personal details or images without their consent.
- Talking to a teacher or a trusted adult if I personally feel uncomfortable or unsafe online, or if I see others participating in unsafe, inappropriate or hurtful online behaviour.
- Thinking carefully about the content I upload or post online, knowing that this is a personal reflection of who I am and can influence what people think of me.
- Reviewing the terms and conditions of use for any digital or online tool (e.g. age restrictions, parental consent requirements), and if my understanding is unclear seeking further explanation from a trusted adult.
- Meeting the stated terms and conditions for any digital or online tool, and completing the required registration processes.
- Handling ICT devices with care and notifying a teacher of any damage or attention required.
- Abiding by copyright and intellectual property regulations by requesting permission to use images, text, audio and video, and attributing references appropriately.
- Not accessing media that falls outside the School's policies.
- Not downloading unauthorised programs, including games.
- Not interfering with network systems and security or the data of another user.
- Nor attempting to log into the network with a user name or password of another student.

In addition, when I use my personal mobile phone I agree to be a safe, responsible and ethical user at all times, by:

- Having my device switched off and securely stored during school hours (except when approved as part of a lesson).
- Only taking and sharing photographs or sound or video recordings when others are aware the recording is taking place and have provided their formal consent as part of an approved lesson.

I understand and agree to comply with the terms of acceptable use and expected standards of behaviour set out within this agreement. I understand that there are actions and consequences established within the school's Student Wellbeing and Engagement Policy if I do not behave appropriately.
